

Quality Policy

FCP Fritsch, Chiari & Partner ZT GmbH carries out its activities in the sphere of:

“Consulting, expertise and testing, design for structural and civil engineering, infrastructure design, site supervision, technical & financial control and project management. Design, consulting and testing in the area of impact control, measurement, instrumentation and monitoring. Research & development for methods for safety assessment and maintenance management of constructions, infrastructure and industrial assets and measurement methods. Life cycle analysis, sustainability assessments and environmental life cycle assessments of construction projects.”

The entire company is aware that high quality standards are the foundation for economic success, partnership-based cooperation and first-class service provision for our clients. In this context, the management is guided by the following fundamental principles:

- We are committed to continuously improving the quality management system embedded in the integrated management system (according to ISO 9001) and to continually optimizing our quality performance. This includes regular audits, the definition of measurable objectives and systematic management reviews. These measures ensure that the quality management system works effectively and meets the highest standards to ensure the continuously high quality and consistency of our services.
- We are committed to complying with all requirements of applicable legislation, ISO 9001 and other relevant industry standards and codes, including any future amendments or updates.
- We strive to fully meet the expectations of our clients and to exceed them through continuous improvement. To do so, we regularly evaluate their needs and requirements, systematically adapt our services and constantly develop them further.
- We strive to provide our employees with all the necessary information, skills and training. This enables us to maintain the outstanding quality of our engineering services and promote the long-term satisfaction of our clients.

The management of **FCP Fritsch, Chiari & Partner ZT GmbH** is committed to promoting and sustainably strengthening a pronounced quality awareness among all employees, partners and clients. The principles formulated in this quality policy shall be anchored in daily activities and understood, supported and lived by all those involved. In addition, this policy is regularly reviewed and updated to account for possible changes and new requirements.
